

Bolt-on External Fall Arrest System

Features & Specifications

The Bolt-On External Fall Arrest system is now available for order with new machine purchase or through JLG Aftermarket to retrofit applicable machines.

This system is available for use on most JLG machines with 36" wide, 6' or 8' new style platforms (after 2015) with swing gates.

- Slim design bolts on externally with ease, maintains the usable workspace in the platform
- Transferrable to other JLG platforms in the fleet
- Cost effective alternative to purchasing a complete platform
- Full 180 degree access around and 6' beyond the platform
- Does not de-rate platform capacity
- Provides an external tie off point in addition to the three in the platform
- Fall arrest cable is rated for one person

Notice: Swing gate platform is required
